GitHub Copilot

version technical preview

Welcome to the GitHub Copilot user community! In this repository, you can find documentation, walkthroughs, examples, and the latest resources you need to use GitHub Copilot.

Getting Started

For a tour of GitHub Copilot, visit the homepage at [copilot.github.com](#).

If this is your first time using GitHub Copilot, check out the [Getting Started guide](#).

System status

You can find the current status of GitHub Copilot in our [System Status discussion](#).

How to get help

Have a question, or want to provide feedback? Visit the [Discussions page](#) to ask questions, share bugs or feedback, or chat with other users in the Preview. The GitHub Copilot team will respond as often as possible, but we also welcome you to share your experiences and help others in the community.

Safety

We take safety seriously and are constantly working to improve GitHub Copilot. If you discover dangerous, biased, or offensive output from GitHub Copilot, please report it privately to copilot-safety@github.com.
